Michelle, 43, was diagnosed with breast cancer in November. She is currently undergoing intensive chemotherapy, to be followed by surgery and radiation all while maintaining her family & career of 15 years at Parkview. They have 3 boys, ages 10, 14, & 17. We ask you to join us in supporting The Nolan Family and surrounding them with the same love & support they have shown so many. All proceeds will go towards medical expenses they have and will endure.
